

Please find below a selection of activities you can do with your child at home to support their learning at school. It is not at all compulsory, but we hope you find our resources useful.

## Activities for counting to 30

**You will need:**

Voices

**Activity:**

With your child, count out loud to 30. See if your child can do this alone. Can he/she count backwards from 30?

**You will need:**

Voices

**Activity:**

Whilst walking, count 20, 25, 30 or any other number of steps. When you have reached the chosen end number, start again. You could try this on the journey to school.

**You will need:**

Voices

**Activity:**

While your child is brushing his/her teeth, count to thirty (or more) to time them. Then let your child count to thirty while you brush your teeth.

**You will need:**

Hands

**Activity:**

Clap your hands or snap your fingers while your child counts aloud to 30. Repeat with child clapping.

**You will need:**

Small objects

**Activity:**

Give your child a pile of small objects e.g. dried beans or pasta. Ask them to count out 30 pieces. Repeat with other numbers less than 30. You could make a picture with the beans!

**You will need:**

Voices

**Activity:**

On your journey to school, count trees, cars, doors, people, or lampposts (up to 30) with your child.

## Activities for shape

**You will need:**

Shape worksheet

**Activity:**

Point to each shape and name it. Colour all the triangles green, the rectangles red, the squares blue and the circles yellow.

**You will need:**

Shape worksheet

**Activity:**

Match each of the names to the correct shape by drawing a connecting line.

**You will need:**

Shape worksheet

**Activity:**

Cut out the shapes carefully; Glue them to another piece of paper to make a shape picture. Glue the names on as well.
